W. L. KNOX,

Mail to Quincy.

In our local column we publish the gist of a communication received from Quincy, in regard to the pressing need for mail communication with this place. The writer has hardly done the situation justice, knowing probably that we were conversant with the details. The country round about Quincy is densely populated for a mountainous region and is essentially a self-supporting community. The farming ground can not be excelled in the State, and the mining industry is claiming more consideration each year. Plumas county is, more than any other section in the State, a ready money county, and hence its business is worth an effort. West of the business centre of this county towers the Sierra Nevada, an almost impassable barrier to trade and travel. While upon this side there is a fine natural road leading to Reno, which road is never closed by winter snows and is really the only eligible route between Plumas and the outside world. A regular mail is impossible between Quincy and Oroville, while the sanction of the department is alone necessary to ensure close communication with the trade centres through Reno.

Some of the above points are cited merely to show how selfish interest alone should induce a strong effort in favor of the proposed route. The business of Plumas county must follow the easiest mail route, and is worth thousands of dollars yearly. Besides this, the matter of right becomes a factor in the case, and the citizens of Plumas have a right to demand regular mails when the matter is so easy of accommodation. We have said enough to show that a concerted effort on the part of Plumas and Reno cannot fail to establish the needed mail route. We hope that Quincy will take the initiative, and know that she will receive all possible assistance from the business men of this town. The two united, and the task is easy. We shall gladly give the subject all required attention at any time.

The Carson Appeal explains that the project of forming a gentlemen's club in that city has fallen through, owing to the lack of sufficient energy and perseverance in engineering the matter. It is mean in us to laugh. We have seen clumsy fellows fall down, and then, on getting up, blame it to a boot heel, rough walk, etc. Carson trying to get up a gentlemen's club! Well, there is nothing like amusement these dull times.

The San Francisco Mail does not fancy Dr. Guard because McCue thinks the learned divine is conceited. This same bohemian is envious of Rev. John Hemphill because this Irish Presbyterian minister has fine side-whiskers. Mac should be compelled to marry Supervisor Drucker's daughter, she who lately came near being poisoned on her father's gin.

We have not had the Virginia Chronicle for some time, and there will be a row in somebody's camp unless the present situation soon changes. This happens about every month and grows monotonous with age.

CROWN POINT ASSESSMENT.—Crown Point levies an assessment of one dollar per share, aggregating \$100,000, and delinquent in office February 27. This makes the thirty-third assessment, aggregating \$1,673,370, levied by this company. It is consoling to know, however, that prior to January 15, 1875, fifty dividends, aggregating \$11,588,000 were disbursed by this company.

The Belcher Mining Co. stands thus financially: Bullion received during the year amounted to \$414,000; assessments, \$407,000; received from the Crown Point, \$77,000; overdraft now, \$48,000. Disbursements, \$1,036,000; owed the Bank of California at the beginning of 1878 \$88,000.

Matthews' Silver resolution passed the House yesterday by a vote of 189 to 79. The anti-Subsidy resolution also passed by 174 to 85.

Fires.—In Montclair, New Jersey; loss \$50,000. New York city, loss, \$100,000.

State News.

Silver State: The Hussey mine at Cornucopia has developed an extensive vein of ore on the 240-foot level which is twelve feet wide and all good free milling ore. The first-class will work from \$300 to \$300 per ton, and the second-class from \$80 to \$125 per ton.

Two white men were arrested by the Sheriff on Monday night for selling whisky to Indians. They are being tried to-day before Justice Thompson. The witnesses are Indians.—Silver State.

A. P. Webster, an assayer in the employ of the Consolidated Virginia Company, fell on Union street Virginia, last Friday night and broke his left arm.

The Virginia Division of Stationary Engineers has 100 members, and Comstock Lodge No. 1 of Gold Hill has about 40; total, 140.

Fox hunting, with all the glorious accompaniments of horses, horns and hounds, is inciting the "bloods" of Eureka, to deeds of noble daring.

Mr. Dan Cook, who recently cinched the public on Alta stock, has purchased the celebrated yacht, Tidal Wave, in New York, for \$9,500.

Carson boasts of a novelty. His name is Kersey and the Tribune says he is now a happy man. His wife has returned.

Mrs. P. A. Stead, a widow, lost \$850 by a fire in Sutor last Tuesday. The citizens have since raised \$720 for her.

Eureka has the brag woodchopper. The Sentinel believes him to be of good nine cord gait.

The Consolidated Virginia and California mining Companies have made application for patents.

Bodie has 1200 inhabitants and 24 drinking saloons. Spiritual comforts are plenty, but no churches.

An average of 150 tons of freight pass over the Eureka and Palisade railroad daily.

There are eleven practicing physicians in Eureka and Ruby Hill.

Scarlet fever prevails in Virginia City.

THE SILVER BILL.—WASHINGTON, January 29.—The vote on Matthews' resolution in the House yesterday indicated, plainly the result of the Bland bill, should it ever come back vetoed. It is the general opinion that the President dare not veto after such an overwhelming vote. Matthews' resolution got 116 Democrats and 71 Republican votes, and 59 Republican and 29 Democratic negative.

Nothing is yet positively known of the peace conditions. A misunderstanding has arisen between Austria and Russia concerning the matter.

In round numbers the Nez Perce war cost a million dollars. If correct principles no longer have weight in our public affairs, perhaps a vague idea of economy may finally lead to the managing of the Indians in statesmanlike manner. The million dollars was thrown away, for its expenditure need never have been required.—S. F. Chronicle.

LONDON, Jan. 29.—The vote of the supplementary estimate has become purely a party question, and the Liberals will contest it as such, and accept the result of a division as decisive.

It is said that there is at present more snow in the Sierras than has been seen in many years. In going off next Spring it will probably create a flood in the Carson river.

R. S. Laurence has started a theatrical sheet in Virginia City called The Stage.

Conkling denies that he had a speech ready last winter opposing the counting of the vote of Louisiana for Hayes.

WASHINGTON, Jan. 29.—The overwhelming vote of 174 against 85 by which the House yesterday adopted Baker's anti-subsidy resolution, discourages the Texas Pacific bill advocates.

Lord Derby has withdrawn his resignation. Viscount Sandon will succeed Lord Carnarvon as Colonial Secretary.

W. Z. Angrey, State Senator from Santa Clara county, California, is dead. Another chance for the workingmen.

A foolish old man of Pawtucket, fell down on the ice, and he struck it right where it was old. And under the cold. And pitiless ice he was pocket. —Hawkeye.

Sherman on the Silver Bill.

CHICAGO, January 29.—A Times' Washington special says Secretary Sherman in an interview said that he recognizes the fact that the silver bill will become a law. He believes there is a clear two-thirds for it in each branch of Congress. He says there is no reason for a belief or hope that it could be defeated. He thought an amendment might be put in, but not much difference could be made. He thought the people in New York did not fully understand the strength of the silver movement in Congress. Up to to-day the correspondents of the New York papers have insisted that the bill could not command a two-thirds vote. He was not, therefore, surprised at the course of the gold market. Besides, the remonetization of silver will not affect gold or greenbacks at once. All the silver that could be coined for several months would be used for the payment of duties, and the people in general will not see much of it until some time after the passage of the bill. He said that as the supply of silver increased, gold would entirely disappear, and then greenbacks will gradually depreciate. The silver people will be greatly disappointed with the immediate effects of the remonetization of silver, and the greenback men who are at the bottom of the silver movement will be the only ones strengthened. He believes the sale of bonds of the popular loan will continue.

It is denied that part of the Russian army will embark at Constantinople for home.

The Russian demands will encounter, it is thought, serious opposition from Austria.

Military operations are being pushed with great vigor by the Russians, Servians, Roumanians and Montenegrins.

The Porte, up to Saturday night, refused to inform Layard, the British Ambassador, of the terms of peace, saying that pledges of secrecy had been given in regard to them.

"Oh, my dear sir!" said a poor sufferer to a dentist, "that is the second wrong tooth you've pulled out!" "Very sorry, my dear sir," said the blundering operator, "but as there were only three altogether when I began, I'm sure to be right next time!"

The overwhelming vote in the House on Monday in favor of Matthews' resolution has completely demoralized the opponents of remonetization, and even Secretary Sherman now acknowledges that the Silver bill will surely become a law.

Sitting Bull, all rumors to the contrary notwithstanding, still remains on British soil. He says he is tired of bloodshed and does not want to fight the Americans any more.

A coal mining company in Missouri has concluded a contract in San Francisco for 500 Chinamen, and an order for 200 more has been received from Texas.

Fires.—In Indianapolis, Indiana; loss, \$16,000. Massillon, Ohio; loss \$40,000.

Silver is quoted in London at 53 3/4 pence per ounce.

United States bonds have fallen in the London market from 3/8 to 1 1/4 per cent.

Tardy school teachers in Virginia City are to be suspended.

A wave of fatal accidents has recently struck the Comstock.

The Ameer of Cabul is massing troops. It is not known whether this is a threat against England or Persia.

NEW BARBER SHOP.—Joe Lopez can be found on the corner of Commercial Row and Virginia Street, where good work in the tonsorial line is guaranteed. He invites all his friends to call. 12-31f

SHERIFF'S SALE.

BY VIRTUE OF AN EXECUTION ISSUED out of the District Court of the Second Judicial District, in and for Washoe county State of Nevada, duly attested on the 24th day of January, A. D. 1878, to me directed and delivered on the 25th day of January, 1878, upon a judgment recovered in said court on the 10th day of January, A. D. 1878, in favor of E. L. Bridges, Plaintiff, and against the Buckeye Gold and Silver Mining Company, Defendant, for the sum of Six Hundred, Four and 22/100 (\$604 22/100) Dollars with interest thereon at the rate of 10 per cent. per annum till paid, together with Forty-two and 75/100 (\$42 75/100) Dollars, costs and disbursements at the date of said judgment, and accruing costs, payable in U. S. gold coin, I have levied upon the following described real property, to-wit: All the right, title and interest of the said defendant in and to 1500 feet of mining ground lying and being on the Armstrong Lodge, in the Pyramid Mining District, Washoe county, State of Nevada, and generally known as the Buckeye Mining Company's mining ground, and more particularly described as follows, to-wit: Commencing at the northern boundary of the Segregated Monarch Mining Company's claim, in said district, and running thence in a northerly direction 1500 feet to the south boundary of the Blaisdel mining claim, in said district. Also three hundred (300) feet on each side of the center of the ledge for working purposes, with the vein and all singular tenements, hereditaments and appurtenances thereunto belonging or in any-wise appertaining.

Notice is hereby given that on WEDNESDAY, the 30th day of Feb., 1878, Between the hours of 9 o'clock A. M. and 3 o'clock P. M., to-wit: at 2 o'clock P. M. of said day, in front of the Court House door, in said Washoe county, State of Nevada, I will sell at public auction all the right, title and interest of said Defendant in and to the above described property to the highest and best bidder for cash, in U. S. gold coin, to satisfy said judgment, costs and accruing costs.

By Wm. H. York, Deputy.

Dated January 29, 1878.

LOCAL AFFAIRS.

Lyceum.

The attendance at the Lyceum last evening was large and the exercises of an interesting character. After the usual formalities, including a little sparring as to whether Mann, of Utah, should vote, the question of the evening, viz: That this body endorse Hayes' Civil Service policy, was called by the Chair.

Charles Queen made a short speech, favoring the resolution. He thought the fight belonged to the Republicans, but felt that the President was pleasing the masses of the people and had their support.

Mr. Jas. Kinkadee said that in all governments parties were a necessity and particularly was this true of Republics. Since the time of President Jackson the party in power had claimed and exercised the rights of administering the Government by members of the party who held the reins. A party has its particular policies and political tenets, and it is politic to have its views carried out by its own members. In the Republican party are men in every way competent to stand by and uphold President Hayes. But he has seen fit to ignore the recognized leader of our party and has even elevated to a Cabinet office a man who is not only a Democrat, but who, during the late civil war, fought against the Union. Mr. Kinkadee made the best speech of the evening, but towards its close was somewhat severe in his strictures on the Democratic party.

Mr. A. J. Hatch said that our country had been promised reform by every party, but corruption in office had not been abated. President Hayes said in his letter of acceptance that the abuses which have crept into the public service shall be weeded out. To do this he must be supported mainly by his party, but his efforts would amount to little did he not also have assistance from the Democratic party. We see the common sense view which Hayes takes is not only in keeping with the wishes of the masses, but is having the desired effect in every section of the American Union.

Mr. Cooke replied to the accusations made against the Democratic party by Mr. Kinkadee.

Mr. Beck called Mr. Richardson to the chair and addressed the House in behalf of the resolution endorsing the President. He claimed that the pledges of the President were unparitizan, and that the reforms asked for by his own party he was carrying into effect. Obstacles were being thrown in his way, but the manifest success attending the Administration attested the popularity and solidity of the President. The question was put to a vote and stood as follows: ayes, 15; noes, 7. The meeting then adjourned. Subject for next meeting, a bill to increase the army to 50,000 men.

SUPPER TO-NIGHT.—The ladies of the Episcopal Church have made arrangements to give the supper for the Domino party this evening, and that is about all that is necessary to say about it. Recalling chicken salads of the past and various other delicacies prepared by these same ladies, we shall not seek to raise our fame by attempting a prediction. The supper will be charged at the rate of 75 cents, each dissatisfied one will receive his money at the door and a fine chromo. The fact that such an arrangement will be enforced renders comment unnecessary and hence we have decided to firmly refuse Mr. Lucas' request for a puff. This paper shall remain "fearless and outspoken to the last."

MUCH NEEDED MAIL ROUTE.—A citizen of Quincy, Plumas county, California, writes us as follows:

No mail has reached here from Oroville since January 23d, save one which was brought into Quincy on snow shoes, after much risk and personal hardship, from Gibsonville. During all this time the stage to Reno has made its regular trips on time, although not an established mail route. It is proposed by the Department at Washington to authorize and establish a regular tri-weekly mail through Gibsonville to Quincy, which route will be compelled to traverse the heaviest snow belt of the Sierras during four or five months of each year. At least nineteen miles of this proposed route will be impossible during the winter months, and hence the people of Quincy want a mail route to Reno.

Our informant concludes: "You know the topography of the country; give us an item." We have something to say upon the subject in another column.

Jottings.

Quiet in the police court.

Lively snow storm was the weather refreshment just after lunch.

Happy man is Frank Bell. His birthday and a baby boy all at the same time.

Travel by rail is again quite light; probably on account of a fear of storms on the mountains.

The bonanza mines will make a considerable shipment of bullion this evening.

Geo. C. Fabens and H. N. Herbert, of San Francisco, D. B. Huff of Sacramento, and F. T. Burke of Elko, all C. P. R. R. officials, were in town today.

The civil case of Mrs. C. Dalton vs. Peter Dalton was on trial to-day in the District Court. It will probably be settled by mutual agreement, Mrs. Dalton receiving a home and a certain amount of money each month.

Mrs. Paddock, recently from the East, has opened a dressmaking establishment at the residence of Mr. McLemore, corner of Virginia and Fifth streets. Mrs. Paddock has had several years experience in dressmaking.

The peculiarity of the weather may be accounted for by the near approach of China New Year! The weather clerk is trying to confuse the memory of the festive celestial. We see by the *Journal* that Chinese maidens will receive New Year's calls next Friday.

PYRAMID TROUT.—Some very fine trout are now coming in from Pyramid Lake. They are of the "silver" species and arrive here as pulmp and bright as when first taken out of the water. These trout are probably so many evidences of the evil doings of the Pyramid fishermen.—*Enterprise*.

Reno boasts the same luxury.

In the course of a lecture in Virginia City, Prof. Frank Stewart said he had found silver, copper, sulphur, gold, coal, cinnabar and glauber salt in Washoe county. Didn't say anything about finding cheek, something that the "reform" county excels in.—*Carson Tribune*.

Yes, a surplus every Sunday.

PROBLEM.—Mr. Conlen, of Silver City, propounds the following problem:

What is the diameter of an auger that, boring through the center of a sphere sixty inches in diameter, will cut out one third of the volume of the sphere?

Mr. F. H. Stone, of Gold Hill, gives as his answer 34.6323 inches. If any of our Reno mathematicians have anything to say, let us hear from them.

Yesterday afternoon a train of twenty six cars, loaded with 475 head of fine heaves, purchased by Lux & Miller, the California cattle kings, passed through Reno from Winnemucca to San Francisco. What is the matter with the dressed-meat shippers of the Great East?

The telegraph boys say that to-day's storm was general. A heavy snow is falling in the mountains, and rain in handsome quantities is falling east of here.

The "Chief" is over in the County Court house and the compositors say, that if your local reporter writes any more pleasant weather items to-day that they will tie him out in the storm.

A first class time-to-night at Smith's Academy of Music.

We have had a variety of weather in the past twenty-four hours. Wind, rain, snow and sunshine have taken turns in the programme, and the prospects are that the programme will be repeated.

The exact distance from Virginia City to Bodie is 122 8-10th miles.

CARD OF THANKS.

We, the undersigned, wish to tender our thanks to Mr. J. A. Brumey, State Agent, and Mr. James H. Marshall, City Agent of the Home Mutual Fire Insurance Company of San Francisco, for the highly satisfactory and unprecedented manner in which the representatives of the above named Company have settled their portion of the loss which we sustained at the late fire on Frisbie's corner. We take great pleasure in recommending the Home Mutual Insurance Company to the insuring public for honest, square, and high-toned dealing.

—[Carson Appeal, Jan. 26, 1878.]

INSURE in the Home Mutual. If your property is destroyed by fire and you are fortunate enough to hold one of our policies, your money is ready and paid when you most need it. No litigation or trouble.
